15 January 1982

MEMORANDUM FOR: *NIO/ NESA*
~~Chief, Soviet/East European Division, DO~~

FROM: Director of Central Intelligence

SUBJECT: Iran

STAT

Will you get these two things done:

1. A brief but comprehensive state of play in Iran at this time. The news stories seem to contain more information than I have seen coming through our channels and it might be used as a takeoff. Do a one or two paragraph statement of the situation as we see it and then get a more comprehensive statement prepared for the state of the world testimony at the end of January.
